Online Training: Presentation for the Virtual Stage

JUNE 17+18, 2:00 p.m. – 6:00 p.m.

Julie Sterns, impuls plus

This online seminar provides participants the opportunity to improve their presentation skills particularly for the virtual audience. Throughout the workshop, participants will be guided through interactive exercises to improve non-verbal communication, improve the ability to listen and react generously, and to integrate focusing techniques, which empower the speaker.

All women in physics are welcome. If you would like to attend the event, please register at Steffi Wortmann, s.wortmann@uni-mainz.de until May 28.

Please be aware, the number of participants is limited.

IJCP Career Support for Postdocs

This program is designed for young researchers in Physics, Computer Science and Mathematics to help navigate a successful scientific career adapting to the individual needs as well as the time constraints of young scientists. Aside from the mandatory half-day kickoff workshop (July 2, 2021), all other appointments are negotiated individually. The goal of the program is to provide role-models for academic careers in science within one-on-one mentoring sessions.
